ABOUT COURT VISION

Court Vision is an AI-powered project intelligence platform developed and operated by Skyrise Pro. It provides real-time coordination, automated workflow management, and communication tools for construction and development projects. The primary client on this project has engaged Skyrise Pro to deploy Court Vision across their team.

STAKEHOLDER ROLE

The signing stakeholder is participating in this project in the role indicated above. Access to Court Vision is being provided at no charge to this stakeholder as part of the primary client's agreement with Skyrise Pro.

By signing this document, the stakeholder acknowledges and agrees to the following:

1. They are receiving access to the Court Vision platform operated by Skyrise Pro.
2. Their workflows, communications, and project data within Court Vision are managed through Skyrise Pro's AI automation system.
3. There is no financial obligation to them for use of Court Vision on this specific project.
4. All data shared within the platform is subject to Skyrise Pro's confidentiality standards.
5. Skyrise Pro may reach out separately regarding additional services for their own business — participation is entirely optional.

NO FINANCIAL OBLIGATION

This acknowledgment does not create any billing or payment obligation for the signing stakeholder. It serves solely to confirm awareness of the platform being used and consent to operate within it for the duration of the referenced project.

CONFIDENTIALITY

The stakeholder agrees to keep all project data, workflows, and platform capabilities shared through Court Vision confidential and not to disclose them to parties outside the project team without prior written approval from the primary client or Skyrise Pro.
